OUR MISSION

Presented by CAL FIRE Local 2881, San Mateo - Santa Cruz

The "No One Left Behind" campaign is dedicated to offering immediate and ongoing support to the firefighter community and their families.

Our primary objective is to raise funds for the CAL FIRE Benevolent Foundation, enabling us to assist families in need, address unforeseen illnesses, cancer diagnoses, natural disasters, and other financial challenges faced by firefighters and their loved ones.

The CAL FIRE Benevolent Foundation, a 501(c)(3) organization established by CAL FIRE firefighters, focuses on engaging in lawful charitable and educational activities. Our mission is to provide support to the families of firefighters and fire suppression personnel during times of financial hardship, assist burn victims and their families, and contribute to research on occupational hazards and exposures specific to firefighting.

By participating in this event, we can achieve the following together:

- Provide Fire Department members and their families with essential assistance.
- Offer comfort, strength, and hope based on our own experiences in overcoming the disasters that firefighters encounter annually.
- Support firefighters and their families during personal crises, aid burn victims, and contribute to research aimed at enhancing the safety of our courageous firefighters.
- Extend support to firefighters facing hardship, families who have lost their homes, firefighter parents caring for an ill child, and those left behind after the sudden loss of a loved one.

We sincerely hope we can rely on your support. Just as the safety of our community depends on the courage and strength of our firefighters, the success of this event hinges on the generosity of individuals like you.

Together, we can make a tangible difference!

Thank you for considering supporting us and our event. Your contribution will be greatly appreciated.
